on review of interim financial information

### Independent auditor's report on review of interim financial information

### To the Board of Directors of Advanced Info Service Public Company Limited

I have reviewed the accompanying consolidated and separate statements of financial position of Advanced Info Service Public Company Limited, respectively, as at 30 September 2015; the consolidated and separate statements of income and comprehensive income for the three-month and nine-month periods ended 30 September 2015, and the consolidated and separate statements of changes in equity and cash flows for the nine-month period ended 30 September 2015; and condensed notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

### Scope of Review

I conducted my review in accordance with the Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

#### Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

### 2 Basis of preparation of the interim financial statements

### (a) Statement of compliance

The interim financial statements are prepared on a condensed basis in accordance with Thai Accounting Standard (TAS) No. 34 (revised 2014) *Interim Financial Reporting*; guidelines promulgated by the Federation of Accounting Professions (FAP); and applicable rules and regulations of the Thai Securities and Exchange Commission.

The interim financial statements are prepared to provide an update on the financial statements for the year ended 31 December 2014. They do not include all of the financial information required for full annual financial statements but focus on new activities, events and circumstances to avoid repetition of information previously reported. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company and its subsidiaries for the year ended 31 December 2014.

The accounting policies and methods of computation applied in these interim financial statements are consistent with those applied in the financial statements for the year ended 31 December 2014 except that the Group/Company has adopted all the new and revised TFRS that are effective for annual periods beginning on or after 1 January 2015. The adoption of these new and revised TFRS did not have any material effect on the accounting policies, methods of computation, financial performance or position of the Group or the Company.

### (b) Functional and presentation currency

The interim financial statements are presented in Thai Baht, which is the Company's functional currency. All financial information presented in Thai Baht has been rounded in the notes to the financial statements to the nearest million unless otherwise stated.

### (c) Judgements and estimates

The preparation of interim financial statements in conformity with TFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these interim financial statements, the significant judgements made by management in applying the Group's/Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2014.

### **3** Related parties

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with the Company, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company. Individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Company and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: unobservable inputs for the asset of liability.

The Group/Company determines Level 2 fair values for available-for-sale investments using a discounted cash flow technique, which uses contractual cash flows and a market-related discount rate.

### 20 Significant events, commercial disputes and litigation

### The Company

1) The opinion of the Council of State relating to the amendments or supplements to the Agreement for Operation

Pursuant to the letter of the Ministry of Information and Communication Technology to the Council of State requesting opinion on whether the amendments or supplements to the agreement between TOT Public Company Limited who is the Telephone Organization of Thailand at that time ("TOT") and Advanced Info Service Public Company Limited after the enforcement of the Act on Private Participation in State Undertaking, B.E. 2535 are legitimately effected and in case those amendments or supplements to the Agreement are not legitimately effected according to such Act, what guidelines TOT should implement.

The Council of State was of the opinion by its Memorandum of the Council of State no. 291/2550 on Enforcement of the Act on Private Participation in State Undertaking, B.E. 2535 (in the case of the Agreement Permitting Undertaking of Cellular Mobile Telephone Services, "the Agreement" between TOT Public Company Limited and Advanced Info Service Public Company Limited) that

\*"... since TOT being the contracting party in this case acted on behalf of the State by virtue of the authority and duty pursuant to Telephone Organization of Thailand Act, the executed Agreement thus represents the agreement between the State and the private sector in order to authorise the private sector to provide public services to the public on behalf of the State. The State therefore is obligated to perform according to those stipulated in that Agreement.

However, since the amendments to the Agreement upon which the consultation is being sought were not legitimately carried out according to the Act on Private Participation in State Undertaking, B.E. 2535 which was in force at the time of effecting those amendments because those amendments had not been proposed for the consideration of the Coordination committee according to Section 22 and not forwarded to the Cabinet, being the organ charged with the authority to approve of the amendments to the Agreement pursuant to the Act as aforesaid, the amendments made to the Agreement with TOT as the contracting party were therefore carried out without legal authority.

However, the procedures to amend the Agreement represent administrative juristic acts which are capable of being separated from the amendments to the Agreement already effected and those amendments to the Agreement are still in force so long as they are not rescinded or extinguished by statute of limitation or by other causes. In case the Cabinet, vested with the authority under the law and having considered the causes for the rescission, the impact, and the propriety on the basis of the State's and the public interest, is of the opinion that the illegitimate procedures have resulted in damage that warrants rescinding the amendments to the Agreement already effected, the Cabinet may legitimately rescind such amendments to the Agreement. However, if the Cabinet, upon having considered the same, deems it justified, with regard to the State's or the public interest and the continuity of providing public services, the Cabinet may exercise its discretion to grant approval for the procedures to further amend the Agreement, as appropriate, with the unit owning the project and the Coordination committee pursuant to Section 22 being the parties to submit the facts, justifications, and opinion for the consideration of the Cabinet."

\*The above clauses in "..." represent some parts of the Memorandum of the Council of State no. 291/2550. The full text Memorandum of the Council of State is available only in Thai language.

In addition, the Coordinating Committee according to Clause 22 has already submitted the opinion regarding the amendments of the Agreement of the Company to the Minister of the Information and Communications Technology.

2) The deduction of excise tax from the revenue sharing between the Company and TOT Public Company Limited ("TOT")

On 22 January 2008, TOT Public Company Limited ("TOT") submitted a dispute under the black case no. 9/2551 to the Arbitration Institute, the Alternative Dispute Resolution Office, Office of the Judiciary demanding the Company to pay additional payment of revenue sharing under the Cellular Mobile Phone Contract in the amount of Baht 31,463 million under the Cellular Mobile Phone Contract plus interest at the rate of 1.25 percent per month computing from the default date on 10 January 2007 until the full payment is made.

This amount is the same as an excise tax that the Company had delivered to Excise Department during 28 January 2003 to 26 February 2007 and deducted it from revenue sharing according to the resolution of the Cabinet dated 11 February 2003. Thus, the Company has fully complied with the Cabinet's resolution dated 11 February 2003 and this practice is the same as other operators in mobile phone or cellular radio telecommunication industries according to the resolution of the Cabinet. Moreover, TOT had sent letter no. Tor Sor Tor. Bor Yor./843 dated 10 March 2003 stating that the Company has fully complied with the Cabinet's resolution and the Company's burden remains at the same percentage rate as specified in the contract and the submission of the said excise tax return shall not affect the terms of the contract.

On 20 May 2011, the Arbitral Tribunal has dismissed the case by giving the reason which can be summarised that the Company was not in breach of the Agreement since the Company has completely made the payment of the revenue sharing and all debt was therefore paid in full. Therefore, TOT has no right to re-claim for the alleged deficit amount.

On 22 September 2011, TOT has submitted the black case no. 1918/2554 to the Central Administrative Court to revoke the Arbitral Tribunal's award. Presently, the said case is pending on the Central Administrative Court process.

3) Interconnection agreement in accordance with the announcement of National Telecommunication Commission ("NTC")

According to Telecommunication Business Operation Act B.E. 2544 and the announcement of National Telecommunication Commission ("NTC") regarding the Use and Interconnect of Telecommunication Network B.E. 2549, the Company has entered into an interconnection ("IC") agreement with other operators approved by NTC and the effective period of the agreement is listed below:

Notes to the interim financial statements

For the three-month and nine-month periods ended 30 September 2015 (Unaudited)

On 31 August 2007, TOT Public Company Limited ("TOT") has filed a lawsuit against NTC to the Central Administrative Court to revoke the said announcement. On 15 September 2010, the Central Administrative Court has dismissed the case which TOT filed to revoke the announcement of NTC regarding the Use and Interconnect of Telecommunication Network B.E. 2549. TOT has appealed such dismissal to the Supreme Administrative Court. On 4 February 2008 TOT sent a letter to the Company informing that the Company should wait for the final judgment of the Court. Should the Company undertake the IC agreements per the NTC announcement before the final judgment of the Court, TOT shall not recognise the Company's related actions and the Company must be responsible for such actions.

Having considered the said TOT's letter, related laws and the legal counsel's opinion, the Company's management is of the opinion that non-compliance by the Company with the IC agreements shall be deemed violating the said NTC announcement. Therefore, the Company has decided to comply with the IC agreements in line with the current legal provisions.

According to the Agreement to operate cellular mobile telephone service, the Company has to pay the higher of stipulated annual minimum payment or the percentage of service revenues prior to deducting expenses and taxes. However, the Company had to comply with the regulation while TOT would like to wait for the final judgment of the Court. As a result, the Company anticipated entering into a negotiation with TOT in relation to a calculation method of the revenue sharing. The Company calculated the revenue sharing from the net IC revenue which is similar to other operators in the telecommunication industry on a conservative basis. The revenue sharing amount to be paid to TOT is subject to the final judgment of the Court in relation to revoking the announcement of NTC and a negotiation between TOT and the Company. The Company will make adjustment in the financial statement in the period when the issue has been agreed. The Company's management is certain that it will not incur significant expense more than the revenue sharing amount which the Company has recorded.

However, after having considered the letter from TOT, the relevant laws and the comments of the legal consultant, the management of the Company is of the opinion that non-compliance with the above Interconnection Agreement would be in conflict with the announcement of NTC regarding the Use and Interconnect of Telecommunication Network. Therefore, the Company decided to comply with the said Agreements which are in line with the legal provisions currently in force by issuing invoices to collect the interconnection charge from the contractual parties.

On 30 December 2008, the Company has remitted the revenue sharing incurred from the interconnection of the telecommunication network since February 2007 to June 2008 in the amount of Baht 761 million based on the rate and calculation method of the Company to TOT. Later, the Company and TOT had set up the negotiation committee to seek for the conclusion but it could not be done as TOT required the Company to pay revenue sharing calculated on gross interconnection charges received by the Company at the rate specified in the Agreement without deduction of interconnection charges which the Company has to pay to other operators. Thus, on 26 January 2011, TOT sent a letter demanding the Company to pay the revenue sharing on the interconnection charges of the Agreement for operations year 17<sup>th</sup> - 20<sup>th</sup> in the amount of Baht 17,803 million plus interest at the rate of 1.25% per month. But the Company disagreed and sent a letter opposing the said claim to TOT and the Company has submitted the dispute to the Alternative Dispute Resolution Office, the Arbitration Institute ref. black no. 19/2554 on 9 March 2011 requesting the Arbitral Tribunal to give an award that TOT has no right to claim for such revenue sharing.

TOT did not return the bank guarantees which have secured the payment of the minimum revenue sharing for the operation year 17<sup>th</sup> - 21<sup>st</sup> for a total value of Baht 7,007 million by claiming that the Company had not completely paid the revenue sharing due to the deduction of the revenue sharing for the Excise Tax and the deduction of the Interconnection Charges where the disputes of which have been pending the consideration of the Arbitral Tribunal.

On 11 May 2011 and on 5 October 2012, the Company has submitted the disputes to the Alternative Dispute Resolution Office, the Arbitration Institute, black case no. 40/2554 and 119/2555 requesting the Arbitral Tribunal to award an order to TOT to return the bank guarantees to the Company because the Company has completely paid the revenue sharing for each operation year and has correctly and fully complied with the law and the relating Agreements in all respects.

On 30 September 2015, the Company submitted the dispute black case no. 78/2558 to the Arbitration Institute of the Alternative Dispute Resolution Office of Thailand to decide regarding the 6<sup>th</sup> Amendment dated 15 May 2001 and 7<sup>th</sup> Amendment dated 20 September 2002 to the Concession Agreement to conduct business of Cellular Mobile Telephone that the said amendments bind the Company and TOT Public Company Limited ("TOT") to comply with the said amendments until the expiration of the Concession Agreement and that the Company has no obligation to pay for the additional revenue according to the letter claimed by TOT to the Company on 29 September 2015 regarding to request the payment of additional revenue in the amount of Baht 72,036 million which TOT has claimed that the 6<sup>th</sup> and 7<sup>th</sup> Amendments were material which caused TOT to receive lower revenue than the rate as specified in the Concession Agreement.

At present, the dispute is under the consideration of the arbitrators which the management of the Company believes that the 6<sup>th</sup> and 7<sup>th</sup> Amendments to the Concession Agreement are binding and effective until the expiration of the Concession Agreement on 30 September 2015 because the Company has fully complied with all concerned Agreements. Moreover, the Council of State opined on this matter that the amendments to the Concession Agreement between TOT and the Company, case no. 291/2550 that "...the amendment process of the Concession Agreement which is the administrative contract can be separated from such amendment attached hereto, the amendments have still been in effect as long as it is not revoked or terminated by time, or otherwise...". ### Digital Phone Company Limited ("DPC")

1) The deduction of excise tax from the revenue sharing between DPC and CAT Telecom Public Company Limited ("CAT")

On 9 January 2008, CAT Telecom Public Company Limited ("CAT") submitted a dispute under the black case no. 3/2551 to the Arbitration Institute, the Alternative Dispute Resolution Office, Office of the Judiciary demanding DPC, a subsidiary, to pay additional payment of revenue sharing under the Digital Personal Communication Network Contract in the amount of Baht 2,449 million plus penalty at the rate of 1.25% per month of the unpaid amount of each year computing from the default date until the full payment is made which total penalty calculated up to December 2007 is Baht 1,500 million, totalling Baht 3,949 million.

Later, on 1 October 2008, CAT has submitted the petition to adjust the amount claimed to Baht 3,410 million which calculated from the outstanding revenue sharing up to January 2008 including penalty for Baht 790 million and value added tax for Baht 171 million.

This amount is the same as an excise tax that DPC had delivered to Excise Department during 16 September 2003 to 15 September 2007 and deducted it from revenue sharing according to the resolution of the Cabinet dated 11 February 2003. Moreover, CAT has sent a letter No. CAT 603 (Kor Tor.) 739 notifying DPC to comply with such Cabinet's resolution. Thus, DPC has correctly and fully complied with the Cabinet's resolution dated 11 February 2003 and this practice is the same as other operators in mobile phone or cellular radio telecommunication industries according to the resolution of the Cabinet.

On 1 March 2011, the Arbitral Tribunal has dismissed the case by giving the reason which can be summarised that DPC was not in breach of the Agreement since DPC has completely made the payment of the revenue sharing and all debt was therefore paid in full. Therefore, CAT has no right to re-claim for the alleged deficit amount, including the penalty and the value added tax.

On 3 June 2011, CAT has submitted the black case no. 1259/2554 to the Central Administrative Court to revoke the Arbitral Tribunal's award.

On 28 July 2015, the Central Administrative Court reached its decision to dismiss such dispute made by CAT to revoke the Arbitral Tribunal award.

2) The deduction of access charge from revenue sharing between DPC and CAT Telecom Public Company Limited ("CAT")

Pursuant to the resolution of the meeting on 14 January 2004 between TOT Public Company Limited ("TOT"), CAT Telecom Public Company Limited ("CAT"), Digital Phone Company Limited ("DPC"), a subsidiary, and True Move Company Limited ("True Move") by the Minister of the Information and Communications Technology Ministry, the Chairman, that TOT consented to reduce access charge of mobile phone from revenue sharing which TOT received from CAT in the amount of Baht 22 /number/month to DPC and True Move starting from the 6<sup>th</sup> operation year as Total Access Communication Public Company Limited ("DTAC") had received from TOT.

On 12 October 2006, TOT sent a letter to CAT that TOT could not reduce access charge of mobile phone to DPC and True Move and demanding CAT to pay the access charge that DPC and True Move have deducted as a discount of access charge plus legal interest rate computing from the default date until the fully payment is made.

Notes to the interim financial statements

For the three-month and nine-month periods ended 30 September 2015 (Unaudited)

On 29 July 2008, CAT submitted a dispute under black case no. 68/2551 to the Arbitration Institute, the Alternative Dispute Resolution Office, Office of the Judiciary demanding DPC to pay access charge of mobile phone that DPC had deducted for Baht 154 million (additional consideration of the 7<sup>th</sup> -10<sup>th</sup> operation year) plus value added tax and interest at the rate 1.25 percent per month of the above principal amount starting from the default date of each year since the 7<sup>th</sup> -10<sup>th</sup> operation year until the full payment is made.

On 15 October 2009, CAT submitted a dispute under black case no. 96/2552 to the Arbitration Institute, the Alternative Dispute Resolution Office, Office of the Judiciary demanding DPC to pay access charge of mobile phone that DPC had deducted for Baht 22 million (additional consideration of the 11<sup>th</sup> operation year) including the penalty at the rate of 1.25 percent per month which calculated up to 15 October 2009, total amount of claim is Baht 26 million.

On 23 March 2012, the Arbitral Tribunal has dismissed the said two disputes by giving the reason which can be summarised that CAT has not yet paid the discount Baht 22/number/month to TOT. Moreover, CAT cannot prove that DPC has breached the Agreement and has made the payment of revenue sharing incorrectly. Therefore, CAT has no right to re-claim for the alleged deficit amount, including the penalty fine and the value added tax.

On 25 June 2012, CAT has submitted the black case no. 1016/2555 to the Central Administrative Court to revoke the Arbitral Tribunal's award, and on 16 September 2014, the Central Administrative Court has issued the dismissal order of this case. On 15 October 2014, CAT has appealed such dismissal to the Supreme Administrative Court. At present, the said case is pending for consideration of the Supreme Administrative Court.

3) Access charge payment between DPC, CAT Telecom Public Company Limited ("CAT") and TOT Public Company Limited ("TOT")

- 1) Part of DPC calculating on the amount of the mobile phone number which DPC had rendered the service at the rate of Baht 200/number/month, in the amount of Baht 432 million.
- 2) Part of CAT calculating on a half of the revenue sharing which CAT had received from DPC, in the amount of Baht 2,331 million.
- 3) The discount of access charge at the rate of Baht 22/number/month that DPC deducted from the revenue sharing, in the amount of Baht 191 million. Part of this demand is the same amount as CAT has claimed according to the dispute under black case no. 68/2551 mentioned above but different in terms of the calculation period and interest.

Later, 31 July 2014 TOT has submitted a petition for revision to adjust the access charge amounting to Baht 5,454 million calculated up to 16 September 2013 which is the date of the Agreement for operation period ended plus valued add tax and interest calculated up to 10 July 2014 plus interest calculated from 10 July 2014 until full payment is made as follows.

Notes to the interim financial statements

For the three-month and nine-month periods ended 30 September 2015 (Unaudited)

- 1) Part of DPC calculating on the amount of the mobile phone number which DPC had rendered the service at the rate of Baht 200/number/month, in the amount of Baht 1,289 million.
- 2) Part of CAT calculating on a half of the revenue sharing which CAT had received from DPC, in the amount of Baht 3,944 million.
- 3) The discount of access charge at the rate of Baht 22/number/month that DPC deducted from the revenue sharing, in the amount of Baht 221 million.

At present, the said case is pending consideration of the Central Administrative Court. The Company's management believes that the outcome of the said case shall be in favour of DPC and have no material impact on the consolidated financial statements of the Group since DPC has correctly and fully complied with the law and the relating Agreements in all respects.

4) To deliver and transfer ownership of towers and equipments of power supply between DPC and CAT Telecom Public Company Limited ("CAT")

On 3 February 2009, CAT Telecom Public Company Limited ("CAT") has submitted a dispute under the black case no. 8/2552 to the Alternative Dispute Resolution Office, the Arbitration Institute, demanding DPC, a subsidiary, to deliver and transfer ownership of 3,343 towers including 2,653 equipments of power supply under the Digital PCN ("Personal Communication Network Agreement"). Failure to do so, DPC must reimburse Baht 2,230 million to CAT. DPC considers that all disputed assets, towers and the equipment of power supply are not the property as stipulated in the Agreement.

On 18 July 2012, the Arbitral Tribunal has given the arbitration award to dismiss the said disputes under the reason that the request by CAT to demand the delivery of the assets from DPC was the premature exercise of legal claim under the contract.

On 25 October 2012, CAT has submitted the black case no. 2757/2555 to the Central Administrative Court to revoke the Arbitral Tribunal's award. Presently, the said case is pending on the Central Administrative Court process.

5) The reduction of roaming fee between DPC and CAT Telecom Public Company Limited ("CAT")

Starting from 1 July 2006, CAT Telecom Public Company Limited ("CAT") allowed Digital Phone Company Limited ("DPC"), a subsidiary, to reduce roaming fee per minute from Baht 2.10 to Baht 1.10 to be in line with the decrease of mobile phone service fee. The approval has been renewed for 3-month period several times thereafter until 31 March 2007. After that, CAT did not notify DPC of any changes until on 24 March 2008, CAT had sent a letter to notify DPC to charge roaming fee at Baht 2.10 per minute starting from 1 April 2007. On 8 May 2008, DPC sent a request letter to CAT to reconsider the roaming fee adjustment. The reason for such request was based on the market environment where the prevailing mobile phone service charge to consumers in the market was significantly lower than the specified roaming fee. Such high roaming fee is therefore unreasonable for DPC to provide the roaming service to any operators. In the letter, DPC informed CAT that during the period when CAT is reconsidering the request, DPC will charge roaming fee at Baht 1.10 per minute according to the previous agreed terms and conditions. On 31 March 2009, CAT has approved DPC to charge roaming fee at Baht 1.10 per minute during 1 January 2009 - 31 March 2009. Moreover, DPC has entered into the national roaming agreement with the Company to charge roaming fee at Baht 1.10 per minute approved by National Telecommunication Commission ("NTC") on 16 June 2009.

At present, the said dispute is pending on the Arbitration process. The Company's management believes that the outcome of the said dispute shall have no material impact on the consolidated financial statements of the Group since DPC has correctly and fully complied with the law and the relating Agreements in all respects.

6) The damage arisen from uncollectible international call service charges between DPC and CAT Telecom Public Company Limited ("CAT")

On 8 April 2011, CAT Telecom Public Company Limited ("CAT") submitted a dispute under black case no. 32/2554 to the Arbitration Institute, the Alternative Dispute Resolution Office, Office of the Judiciary demanding DPC to pay Baht 33 million including interest at the rate of 15% per annum of the claimed amount, total amount of claim Baht 35 million by alleging that DPC has committed a breach of the Digital PCN (Personal Communication Network) 1800 Service Agreement due to subscriber fraud on the Digital PCN 1800 Service Agreement between DPC and subscribers for 1,209 numbers during 1997 - 2003 causing damages to CAT where CAT was unable to collect the international call service charges occurred from the use of such numbers.

On 28 May 2013, the Arbitral Tribunal reached its decision to dismiss such dispute by stating that it is not about breach of the agreement but whether there has been a wrongful act. Therefore, the dispute is not within the Jurisdiction of the Arbitral Tribunal.

According to the Agreement, Digital Phone Company Limited ("DPC") has the duties to deliver the bank guarantees to CAT Telecom Public Company Limited ("CAT") to secure the payment of the minimum revenue sharing for each operation year and shall recover the bank guarantee of the operation year back.

CAT did not return the bank guarantees which have secured the payment of the minimum revenue sharing for the operation year 10<sup>th</sup> - 14<sup>th</sup> for a total value of Baht 2,606 million by claiming that DPC had not completely paid the revenue sharing due to the deduction of the revenue sharing for the Excise Tax and the deduction of the Interconnection Charges, the discount of Access Charges and the reduction of the rate of roaming charge where the disputes of which have been pending the consideration of the Arbitral Tribunal.

The international direct dialling service by using the symbol "+" between AIN and CAT Telecom Public Company Limited ("CAT")

On 7 March 2008, CAT Telecom Public Company Limited ("CAT") has submitted the black case no. 1245/2551 to the Civil Court against Advanced Info Service Public Company Limited ("the Company") as the defendant no. 1 and AIN Globalcomm Company Limited, a subsidiary, as the defendant no. 2 requesting the Company and the subsidiary to pay compensation with interest rate at 7.5% per annum for damage up to the date of case submission equalling to Baht 130 million. The reason is to change traffic of the international direct dialling service by the Company and the subsidiary during 1-27 March 2007 through the Company subscriber by using the symbol "+" dialling from no. 005 of the subsidiary, instead of no. 001 of CAT without the prior notification to subscriber. On 19 November 2008, CAT submitted the request for the order of provisional remedial measure before delivery of judgment to cease the Company and the subsidiary to transfer the traffic 001 or symbol "+" of CAT to traffic 005 of the subsidiary. On 26 February 2009, the Civil Court dismissed the CAT' request and on 20 March 2009, CAT has appealed the dismissal. Notes to the interim financial statements

On 17 December 2009, the Civil Court has dismissed the case as the facts cannot be proved that CAT has either an exclusive right to use the symbol "+" or the right to prohibit the Company and AIN to use the symbol "+" and it cannot also been proved that the changing of the connection setting of the international direct dialing service from using the symbol "+" for the code 001 of CAT to "+" for the code 005 of AIN has caused the subscribers who use international direct dialing service to believe that they are using the code 001 of CAT, therefore, the acts of the Company have not infringed any right of CAT and also of AIN which CAT alleged to jointly commit the wrongful act against the Company and have not infringed the right of CAT as well. CAT has appealed to the Court of Appeal on 10 March 2010. Subsequently, on 27 June 2013, the Court of Appeal has issued an order confirming the dismissal order of the Civil Court and CAT has submitted the petition to the Supreme Court on 16 September 2013.
