BEING AN AIS CUSTOMER COMES WITH ITS BENEFITS

**A**IS gives you even more reasons to be glued to your smartphones with its My AIS application. After simply signing up with your phone number and typing in your OTP, you can check pretty much everything you need to know about your phone from its package, usage, your membership status and, more importantly, points and privileges that exclusively come with being an AIS customer. You may be impressed with the variety AIS offers its members. It's varied enough so that you can schedule your day around the perks.

First, you can get an up to B150 discount for your first Uberx ride if you're an AIS Serenade member. You may want to use that for a lift to the Mandarin Oriental Hotel's Lord Jim's where you can indulge in a come-four-pay-three promo for a lunch buffet. The lunch spread there is truly international and luxurious. Think all-you-can-eat foie gras sushi and surf and turfs. Your trainer may hate you for that but YOLO. Then move to Embassy Diplomat Screen by AIS at Central Embassy where 20% off on tickets awaits AIS customers and 25% off on tickets awaits AIS

Serenade Gold & Platinum. Also at Central Embassy, you can enjoy discounts of up to B50 at Candy Crepe which is known for its sweet treats and drinks being centred around Thai-style candy floss.

Actually, you can be anywhere in Bangkok and the My AIS application will show you nearby places where your privileges are up for grabs with just one tap. If you're more familiar with desktops, go check out the full array of AIS privileges at [www.ais.co.th/privilege](http://www.ais.co.th/privilege) and [www.ais.co.th/serenade](http://www.ais.co.th/serenade).
